HELLMERS TELLS OF LIGHT CONTRACT

ELECTION WILL BE HELD TUESDAY TO RENEW AGREEMENT

COAL IS A GREAT FACTOR

Rate Charged City Will Be Determined By Fluctuation In Price Of Coal

To the Democrat-Forum:

Next Tuesday, October 23rd, Maryville will vote on the renewal of the Street Lighting contract with the Maryville Electric Light and Power Co. The contract to be voted upon is the same in regard to price per lamp, number of lamps and maximum levy to pay for same as the old contract. Due to the fact of the coal clause embodied in this contract the fluctuation in the cost of manufacturing is well taken care of, as the greater percentage of the cost of supplying the street lights is the cost of coal. The price charged the city for the lamps will decrease or increase almost in direct proportion to the cost of coal.

The city further has the right to increase the number of lamps at the same price per lamp as called for in the contract, or to decrease the number of lamps. In no case, however, during this five year period, can the total amount of the contract be less than $300.00 per month.

The street lights will remain of the same size and in the same location as at present, but the city has the privilege of moving any lamps of which they may desire to change the location.

The cost of labor, lamps and other material, including poles and line materials, are higher now a great deal than they were at the time the old contract was voted. When the last contract was voted about five years ago, a thorough investigation was made and that contract was considered as very fair to the city.

The city did not find it necessary to levy the full amount authorized and during one year of the five the levy was considerably less as the street lighting fund had accumulated a surplus. Due to the fact that this levy cannot be used for any other purposes than street lights and must be kept in separate funds, no levy will be made greater than the actual amount necessary to pay for the lights.

It is approximately ten years since the old Arc lights were removed and the present system of Mazda lamps installed. The present system has given much better satisfaction, due to the fact that the lighting is better distributed, there now being a light at nearly every intersection in place of large Arc lamps many blocks apart. Maryville was among the first towns to install this new system and since that time very few Arc lamps have been used. Maryville was also among the pioneers in the ornamental street lighting and at present has as complete an ornamental lighting system as any town near its size.

Sec. Wallace Approves Dr. Stanley's Program

Former M. U. Home Economic Dean Is Conducting Series Of Studies At Washington

Dr. Louise Stanley, formerly dean of home economics at the University of Missouri, has submitted a program in the work which she has mapped out, to Secretary Wallace of the United States Department of Agriculture and has received his approval.

Dr. Stanley was recently called to Washington, D. C., to take charge of the home economics work of the department and will conduct a series of studies this winter into the intimate problems of the farm home.

Just at present the class in the Theory of Home Economics at the State Teachers College is tracing the development of the home economics movement from the earliest time down to the present day. It has been interesting to find that Missouri has a woman in the person of Doctor Stanley, who has set out to make the lot of the farmer's wife easier.

Some of the questions that will be studied in Doctor Stanley's department are:

"How Much Would the Farm Wife Contribute to the Farm Income if Her Manifold Services Were Put Down on Terms of Actual Wages?" "What Textiles Wear Best in Children's Clothing on the Farm?" "If the Farmer Is to Build a New House How Should the Kitchen Be Arranged for Maximum Convenience?" "What Sort of Washing Machine Is Cheapest for the Farmer's Wife to Buy?"

BEEN MARRIED FOR SIXTY-EIGHT YEARS

MR. AND MRS. C. J. CARMICHAEL CELEBRATE AT HOME

CAME TO COUNTY IN 1865

Mr. Carmichael Is 90 Years Old and His Wife Is 84—Tells Of Courtship

Mr. and Mrs. C. J. Carmichael of Pickering, are celebrating their sixty-eighth wedding anniversary at their home. Mr. Carmichael is 90 years old and his wife, 84.

Constant Joseph Carmichael was born in Monroe County, Indiana, Aug. 12, 1833, and Mary Ann Hosteter, now his wife, was born in Stark County, Ohio, May 8, 1840. Now, let Mr. Carmichael, himself, tell how they met.

"It was a morning in May, 1854," he said, "I was going on horseback to a little village. I met and passed a group of people, a middle aged man and some members of his family, among them was a young lady, whom you now call 'Grandma.' She had on a sunbonnet but I saw the face under it. I said to myself, 'You are mine.' Of course, I had to make many visits. It was at the home of John and Magdalene Hosteter who had moved from Stark County, Ohio, a short time before. We made our arrangements and were married October 18, 1855."

At this time, Indiana was heavily timbered country, including tall oak, black walnut, yellow poplar, hickory, beech, and sugar tree. These had to be cleared away to give place to build a cabin, plant corn, sow wheat and other crops. There was plenty of deer, wild turkey, and some bears, wild cats and large gray wolves. Many a time, Mr. Carmichael said, his father would take his rifle at early twilight or coming day, get in the thick timber where the turkeys were accustomed to roost, then take from his pocket what he called a "turkey caller," which he shaped from the large bone in the Turkey's leg, place to his mouth and call. It would so completely imitate the turkey's voice the large bird would answer at once, then with the unerring aim of the hunter, the large gobbler would fall.

There were no schools to speak of in those days. Mr. Carmichael said that his first schooling or lessons was by subscription. By this is meant, that there was no public school system. Anyone who could teach spelling, reading, writing and arithmetic would go to his neighbors and say, "If you will give me $2 per scholar, I will teach a three-months term at a certain place." There were few schoolhouses in those days.

Mr. Carmichael said that the first schoolhouse he attended was built of logs. At the proper height for the window, there was one log on each side left out and narrow slats or boards were inserted at intervals, about two feet apart, and then thin white paper was pasted on these.

Seats were made by splitting slabs from logs, ten inches or a foot wide. Holes were bored in these and pins for legs were inserted. There were no backs to the seats; they did not "sit" the easiest, but the world moved on just the same. Among the books used were: McGuffey's reader, Webster's blue back speller, sometimes the Life of Washington and Marion, for readers.

Just before he was married, Mr. Carmichael had bought a piece of land, which had a log house, a small orchard and a spring. Some of the land had been cleared and ready to cultivate. The house was comprised of one room, 24x24, with a stick and clay chimney. But, let Mr. Carmichael tell his story for himself:

"We had no cook stove, they were scarce in those days. We cooked by the fireplace, baked bread on the hearth in a skillet, yet we enjoyed life. It was in this house that our first-born came to gladden our home. In all nine children were born to us. Five of them are living and four have passed into the great beyond. I will here give their names and date of birth as a matter of record. Martha Magdalene, born June 21, 1857; Samuel Albert, born May 8, 1859, drowned in tub of water April 3, 1861; John Archibald born December 24, 1861, died November 7, 1867; Daniel Voorheese, born August 11, 1864, died March 2, 1881; Rachael E., born March 22, 1867; Joseph D., born July 17, 1869; Jacob, born August 7, 1872;

Insurance Levy Was Cut One-Half Mill

Directors Of County Mutual Insurance Were In Session In Maryville Today

The semi-annual meeting of the board of directors of the Farmers Mutual Fire and Lightning Insurance company of Nodaway County was held this afternoon at the Farmers Trust Company. The members of the board in attendance were J. L. Hepburn and C. E. Donlin, Hopkins; J. S. Castell, Ravenwood; R. B. Gex, Graham; Wm. Blackford and C. D. Hooker, Maryville; and B. M. Willson, Barnard. Miss Iuka Shiel of Burlington Junction, secretary, was also present.

At this meeting, the directors voted to make a 2 mill assessment levy on the insurance. This levy has been 2½ mills. The losses for the six months from April 8 to the present time were $8,349.48, $3,765.53 from lightning and $4,583.95 from fire.

Two delegates, Mr. Willson and Mr. Hooker, were selected to represent the company at the Mutual State convention to be held in Chillicothe on November 14 and 15.

MISSOURI DAY IS BEING CELEBRATED

IN COMPLIANCE WITH GOVERNOR'S PROCLAMATION

HALF HOLIDAY IN K. C.

Is In Recognition Of Work Done By Missouri Association—Its Purpose To Upbuild State

Kansas City, Oct. 18.—The first official Missouri Day is being celebrated throughout the state today in compliance with the proclamation of Governor Arthur M. Hyde, designating the occasion as one on which the state's achievements will be glorified by its citizens.

Mayor Cromwell has issued a proclamation asking for a half holiday in Kansas City. It is announced that all departments of the city government will close at noon. Mayor Cromwell also asks that the day be generally observed by business establishments as far as possible. The public schools will close at noon.

The proclamation of the Governor is in recognition of the work being done by the Missouri Association, organized at a meeting of editors held this year. The purpose of the association is to upbuild the state and to make its resources and opportunities better known throughout the nation.

The organization of the association was worked out by George A. Pickens, formerly secretary of the Maryville Chamber of Commerce, and now general secretary of the Missouri Association with headquarters at Jefferson City. Pickens is aided by a corps of workers penetrating every corner of the state.

It is hoped by the association that the celebration will be so successful that the third Thursday of October each year will be set aside as an official Missouri Day.

Mrs. Geo. Adams Dies at Ensworth Hospital

Had Lived In and Near Barnard All Her Life—Funeral Will Be Held Tomorrow Afternoon

Mrs. George Adams died at 8:50 o'clock last night at the Ensworth Hospital in St. Joseph where she underwent an operation last Sunday for peritonitis. Her condition did not become serious until last Wednesday and she rallied from the operation.

The body arrived in Barnard at noon today and funeral services will be held at 2 o'clock tomorrow afternoon at the home of her father, S. J. Smith. Burial will be in the Masonic cemetery at Barnard.

Mrs. Adams was 35 years old and had resided in and near Barnard all her life. She is survived by her husband and two children, Kenneth and Margaret. Other surviving relatives are her father, one sister, Mrs. Alice Kling of Barnard, and two brothers, Tom Smith of Denver, Colo., and George Smith of Barnard. The Adams home is south of Barnard.

The condition of O. F. Wilson of Burlington Junction, who suffered a stroke of paralysis early yesterday morning, was improved today. Mrs. Wilson's sister, Miss Millie Kester, who has been critically ill for several weeks at the Wilson home, was reported as unimproved.

SUPPORT OF LABOR IS PLEDGED LEGION

SAMUEL GOMPERS ADDRESSES CONVENTION THIS AFTERNOON

"BONUS MUST BE PAID"

Labor Head It As "Debt Owed Fighting Boys"—Commends Americanization Program

San Francisco, Oct. 18—The American Legion was today pledged the support of labor in obtaining the passage of an adjusted compensation bill by the coming Congress.

Addressing the fifth annual convention of the American Legion, Samuel Gompers, president of the American Federation of Labor, told the Legionnaires that the bonus was "the debt owed the fighting boys which must be paid," and added that a bill should be passed by the next Congress without further delay.

Gompers praised the "happy relations" existing between the Legion and the American Federation of Labor and declared that the Federation stood back of the Legion's program of "Americanism."

Blues Take Fourth Game Little Series

The Blues won the fourth game of the Little Series today, defeating the Baltimore Orioles 5 to 2. The Baltimore manager was forced to send Ogden to relieve Groves on the mound in the eighth inning. A batting rally by the Orioles in the last inning failed to tie the game. The Blues now have three games to their credit and the Orioles one.

LARGEST CIRCULATION IN NODAWAY COUNTY

THE BATTLE IS ON

President Coolidge has enjoyed about two months of courteous treatment and smooth sailing but he will have to take the ruts and hills from here on. The fight for the next Republican presidential nomination is on. Only the preliminary skirmishes are opening up but the fight is on nevertheless.

If Mr. Coolidge has lived up to his reputation, he has been doing a lot of hard thinking during these two months though he has said but little. It may be that he will speak to the liking of his critics when he does speak but there are strong forces determined to find out where he stands at an early day.

Henry Ford has fired a broadside over the handling of the Muscle Shoals project by Secretary Weeks and the American farmer fears that he has been deprived of the opportunity to secure five cent fertilizer. None of us know but that is what he thinks. Mr. Coolidge comes into it because he has endorsed the course of Secretary Weeks and must stand by his administration. Everybody knows that powerful forces have been willing to exhaust every known influence to defeat the Ford proposition and through the sale of a part of the desired plant, Ford declares they have done it. Mr. Weeks insists that the power plant he has sold is not necessary to the project and it may not be. It may be that Mr. Ford is driving a hard bargain and wants all the valuable side features that usually go with an abandoned plant. His interests are so varied and extensive there is hardly anything worthwhile that he could not use somewhere. But he says the fertilizer project has been crippled and that the trusts will be able to go on robbing the farmer.

Incidentally, Mr. Ford's program is puzzling the leaders in both parties. The opposition of one man would not ordinarily mean much to an administration in this great country but the opposition of Henry Ford, in this case, has great potentialities. He was very friendly toward President Harding and would not have opposed him. That much is known, but he does not feel the same way toward Mr. Coolidge. Mr. Coolidge is a stranger to him and looks like anybody else. Ford has such enormous resources that his power to do damage, if skillfully handled, is beyond estimate. As he has not been actively identified with either of the great parties, there is little danger of him securing a presidential nomination at a national convention of either ticket but, if he should take a notion to run independently just as a matter of summer diversion, the politicians are wondering if he could not defeat one or the other of the leading party candidates. So they are walking on eggs in Mr. Ford's case and any reference to the Muscle Shoals project that Mr. Coolidge may make will be noted with interest.

Then, again, until Coolidge takes a definite stand, he will be under suspicion by the dry vote. He is supposed to be dry enough himself and to be a believer in law enforcement but he comes from a very wet state, the State of Massachusetts. This makes his position difficult. Also Mr. Mellon of Pittsburgh, Secretary of the Treasury, under whose jurisdiction the prohibition enforcement bureau rests, is known to be distinctly wet. President Harding dealt directly with the prohibition commissioner but Mr. Coolidge has not so far taken that liberty.

Governor Gifford Pinchot of Pennsylvania, who helped the President settle the coal strike, has taken an advanced position in favor of law enforcement and puts the case squarely up to the President to get busy. There is perhaps no place where the law is more openly and flagrantly violated than in Washington, D. C., the capital of the nation. A great citizenship conference is now on in Washington and some plain talk is going on. The President has invited a number of Governors to attend a conference at the White House next Saturday when he will no doubt take a definite stand. Until that time, it is well to keep an open mind. The drys, however are determined to smoke out high officials and see where their sympathies lay. They believe, if the constitution is to be respected and the laws are to be enforced, the enforcing officers must first take the pledge. And thus it is that "uneasy lies the head that wears the crown."

Missouri, The Horse State

Missouri is 7th in number of horses on farms.

The world's greatest walk-trot horse was foaled in Missouri.

Missouri's standing is 16th in number of purebred horses on farms.

Missouri is the birthplace of the world's greatest harness horse.

Missouri has more horses and mules than Oklahoma, Tennessee, Nebraska, Kentucky, or Arkansas.

Missouri was the birthplace of Rex McDonald, the world's greatest saddle horse.

Missouri horses and mules are more prefectly free from disease than those of any other state.

A Missouri bred saddle horse once brought the highest price ever paid for a representative of that breed.

Missouri's standing in saddle horses and light horses is always either first or second, sometimes one and sometimes the other.

Missouri is more of a horse state than Kentucky, having nearly three times as many horses, and more than twice as many in total of horses, mules, jacks and jennets.—Missouri State Board of Agriculture.

BEEN MARRIED FOR SIXTY-EIGHT YEARS

(Continued from page 1)

Isaac, born May 6, 1875; Mary Ellen, born July 28, 1878, died August 9, 1893. As we chronicle these events in our home life we wish to leave the impression upon the mind of the reader that we have living testimony that the Lord has blessed the living and the dead. So we feel comforted in the hope that their ashes will be gathered from the different states and that by and by we shall meet them and all the redeemed of the Lord in that home where death is unknown.

In the early years of our married life we both became deeply interested in regard to our condition as sinners before God and in the early spring of 1859 were brought out in a hope which we feel has been precious to us all these years. We united with the Baptist church on June 3, 1859 and enjoyed the fellowship and kindness of the membership of the church. Both of us had good voices to sing, and visited much among the churches.

But those days of happiness turned to gloom and sorrow. The Civil War came on. I was drafted. I hired a young man to go in my place, this cost us over one thousand dollars. We had to sell our home. Then it came into our minds to move to Missouri. We fixed up a two-horse wagon, bows and sheets for covering and with a party of five families started in the early part of April, 1865. We were twenty-eight days on the road, a journey of about six hundred miles. We camped out and slept in the wagon at night. Much rain fell, making the mud very deep and we sometimes had to hitch four and six horses on a two-horse load.

One incident in this journey I wish to mention. In our caravan or company was a precious neighbor woman who had become somewhat deranged in mind. We had traveled all day in a slow, drizzling rain. We were all wet and tired. We had mired in the mud many times. This was in Illinois between Bloomington and Peoria. We had camped on a little stream in the timber and had gathered sticks and brush for a fire, cooked our supper and at a late hour fixed to sleep. About one o'clock, all in death-like stillness, that demented sister got up by the camp-fire and began to sing a beautiful old hymn. It seemed more like an angel's voice than a human being.

The long and tedious journey finally ended. We reached our destination. After one or two days' rest, we set about to plow and plant to provide a living. Many poor folks, like us, had to labor hard. Prairies had to be broken in order to plant and sow. In the spring of 1866 seed corn sold for $1.00 per bushel and flour for $7.00 per hundred. We struggled along, made a few short moves but finally got settled in a home of our own.

In all this time we held our church relations the most sacred things. My mind seemed to be exercised in regard to public duty and I was unrelenting in my rebellion. The Lord had given us more children in our home and He had removed two by death. In my pleading for that burden of mind be removed, I thought I could truly plead, as we were poor and I had no education, knew nothing of books and that such a poor creature as I never could face or meet a proud and giddy world. Finally, one evening I came in from the field, Wife had supper ready. I sat down to the table but could not eat. I left the table went through the doorway into the bedroom saying as I went, "I will die before I will do that." I felt I went into death. I saw at once my wife and children and all my anxiety to accumulate wealth pass from me. When I came out of that state of feeling I was willing to try to tell of the love of Jesus. Thus I have been trying to tell it for over fifty years.

The first text I ever used or tried to talk about is in the second chapter of Daniel, 44th verse. "And in the days of these kings shall the God of heaven set up a kingdom, which shall never be destroyed: and the kingdom shall not be left to other people, but shall break in pieces and consume all these kingdoms, and it shall stand forever." That was long before I was ordained. We then had three churches and soon had five. Some in Iowa and some in Missouri. Wife had a hard struggle to raise the children and keep them at work. I was among the churches much. Our home was in the beautiful valley of Nodaway river. I recall that one year we had a large field of corn. It had been plowed the second time. On Saturday morning before the second Sunday in June, I started horseback to one of the churches. I looked over that beautiful field and thought what a wonderful crop it would make, but alas on Sunday morning about ten o'clock it began to rain grasshoppers or they dropped down from the clouds and when I got in sight of the field on Sunday evening there were only stubs of stalks standing. Well, such was our life, many sorrows, but much sunlight as the years came and went.

After our children grew up, some went to Nebraska. We finally moved to that state, too. We started in the early part of October, 1887, had three teams and wagons and thirty head of cattle. We camped out at nights. Everything went well until we passed Red Cloud, Nebraska. We came to a place where the wagon road and railroad were parallel for a short distance. The Denver express came dashing by, frightening the team which my wife and the two yougest children were driving. She was thrown out of the wagon. Her collar bone and two ribs were broken. Then suffering and expense began. Our oldest daughter came, and when her mother got better, took her to her home at Holbrook. After long suffering she was able to do some work, but never fully recovered.

After we had lived in Nebraska for a time we organized a church with seven members and soon had twenty-seven. Then came to us one of the dark days of our life. It pleased the Lord to take our youngest child from us, a stroke which seemed unbearable. I broke down in health. We decided to move to Stark county, Ohio, where my wife was born and reared. We soon formed a large acquaintance among the churches. I traveled a great deal in serving the churches and worked on the farm when at home. We remained in Ohio about seventeen years, then disposed of our little home, bid farewell to the dear people of the Buckeye state and came back to Pickering, Missouri, to be buried beside our parents, all of which sleep in the State Line cemetery. Also some of our dear children are buried here.

I have tried to tell the story of the Cross and of Christ crucified, in eleven states of this Union. I now feel some regrets that I did not begin in early life to keep a sketch of my ramblings, baptisms, marriages, funerals, and miles traveled, but it is too late now. We have been members of the church fifty-nine years last June. We are confident that we cannot stay here much longer, hence we leave this sketch for our beloved kindred and friends. We regret in a way that we have no earthly treasures to leave as a legacy to our children and grandchildren and great grandchildren, but we leave as a wish and prayer, if it be God's holy will, that we may all meet in the sunlight of God's eternal mercy.

"We ask not a stone to be sculptured in verse,
We ask not that fame should our merits rehearse,
But we ask as above, when we give up the Ghost,
That loved ones may know that we died at our post."

The Anthony Republican may be right when it says Oklahoma needs a governess and not a governor.—Kansas City Kansan.

St. Patrick's Sewing Circle

A meeting of St. Patrick's Sewing Circle was held yesterday afternoon in the church hall. The members tied two comforters and made other articles for the bazaar to be held November 7-8 at the church. Several committees for the annual bazaar were appointed. The Circle will meet again next Wednesday afternoon at 2 o'clock in the church hall. Twenty members were in attendance.

Ward Prayer Meetings

Ward prayer meetings in the interest of the Christian Church revival for tomorrow morning at 9:30 o'clock have been announced to be held at the following homes:

First Ward—Mrs. Harry Todd, 613 North Market street.

Third Ward—Mrs. Harry Lyle, 314 West Third street.

Fourth Ward—Mrs. James Greenlee, 401 East Thompson street.

Skidmore Neighborly Club.

A discussion of "Home Life" was the feature at the weekly meeting of the Skidmore Neighborly Club yesterday afternoon at the home of Mrs. Rosa Spahr. Riddles were given in response to roll call, after which the members sang "Home, Sweet Home." Mrs. Winnie Montgomery read a paper on "How Can We Improve Our Every Day Life," and Mrs. Nellie Barrett spoke on "Home in its Relation to the Social Life of Children." The hostess read a poem, and several short articles on the subject of the afternoon were given by different members of the club. Sixteen members and several visitors were in attendance.

Mrs. Hopp Hostess

Mrs. Clarence Hopp was hostess to the Mother's Club of the M. E. Church South, yesterday afternoon at the home of Mrs. T. H. Leet, 115 East First street. The meeting opened with singing of "What a Friend We Have in Jesus," and prayer. A short business session was held. Mrs. B. F. Cline had charge of the study topic, "The Forces That Make a Man," and there was a general discussion of the subject. Mrs. Earl Henderson read an article on "How Children Learn Ease of Manner." The following questions, "What Our Aim as a Club Should Be" and "What I as a Member can do to Make the Club a Success," were distributed at the September meeting and were discussed by the members yesterday under the leadership of Mrs. Leet. Mrs. P. C. Andrews was taken in as a new member. Mrs. Ellen Leet was a guest at the meeting and twenty-nine mothers and children were present. The November meeting will be held at the home of Mrs. Joe Cornell.

Celebrated 88th Birthday

EMPIRE THEATRE

LAST TIME TONIGHT—

You Can't Fool Your Wife

A Paramount Picture.

FRIDAY and SATURDAY

"THE HEART RAIDER."
With AGNES AYRES and All-Star Cast.

Here's what she did: She fell in love with the world's champion hater—and got him!

But HOW she did it—that's what gives you the laughs of a clown's convention—the stunts of a circus—the variety of a vaudeville bill, the gowns of a gorgeous fashion show.

A joyful battle of hearts. In which a lovelorn girl chases a love-shy man, captures him for her own and brings him home in triumph.

Also a comedy. 10c—22c and 3c.

Warrensburg Debaters Plan to Meet S. T. C.

Two Debates to be Held March 28—Rules Decided Upon by the Two Schools.

Arrangements are being completed for a series of inter-collegiate debates to be held with the various State Teachers College throughout the state in connection with the oratorical contest which will be held on March 28th at the local Northwest Missouri Teachers College. Under the direction of Harry Miller, Dean of the public speaking department at the College, challenges have been sent out to the various schools by the debating club of the College.

Warrensburg has already accepted the challenge and the two schools are now attempting to decide the question and sides of the debate.

The terms on which Warrensburg accepted the challenge are as follows:

1. One team to debate the question on the home ground, the other to debate at their opponents school.
2. Teams to be of like combination: boys against boys, girls against girls, or mixed teams.
3. Each school to pay expenses of their team.
4. Maryville to select question, Warrensburg the side. If possible the visiting team will debate one side while the home team will defend the opposite side of the issue.
5. There will be no judges. By this it is thought a greater interest will be shown and no dissention resulting from a partial decision.

A committee composed of Hazel Pixler, Richard Baker and Frederick Kurtz was appointed by the local side to select a question to be sent to Warrensburg. The debates will be held on March 28.

Last night at the debating club meeting an open forum was held on the question, Resolved, "That the present immigration law should be repealed." Some very interesting talks were made by various members of the club.

It is hoped that debates will be secured from all of the state schools for the oratorical contest next spring.

Z. R. Alexander of Elmo visited in Maryville today.

Authorities to Talk at Hog Demonstration

To Be Held At the Roy Lippman Farm at 2 O'Clock Saturday Afternoon—Films To Be Shown

The postponed demonstration of worm-free hogs and the showing of the films, "Exit Ascaris," will be held at the Roy Lippman farm at 2 o'clock Saturday afternoon. A large crowd is expected if the roads dry up and the weather is favorable, according to R. A. Kinnaird, county farm bureau agent, this morning.

Mr. Lippman has been intending to put his hogs on the market for the last two weeks but has held off in order to have them on display at the demonstration. The showing of the film which describes the care of sows from farrowing time until the litter is old enough to go out on pasture will be made in the large machine shed at the Lippman farm.

Dr. J. I. Gibson, who has been state veterinarian of Iowa and at present livestock commissioner for the St. Joseph Livestock Exchange, will be at the demonstration to give a lecture along with the showing of the film. Doctor Raffensperger is expected to come from Chicago to talk to the farmers in attendance at the meeting. Doctor Raffensperger is an authority on hogs and will speak about parasites in animals.

Charles Teson and Joe Enis of Clyde were visitors in Maryville today.

Facts about Child-birth

AN eminent physician has shown to thousands of expectant mothers just how to be free from dread, and from much of the suffering which many mothers experience for months, right up to the moment when the Little One arrives!

Mrs. Wm. Washington, 107 Louise Ave., Nashville, Tenn., says: "There is positively no woman on earth that would be without 'Mother's Friend' during expectancy if she only knew the value of comfort."

"Mother's Friend" is externally applied to the region of the abdomen, back and hips. It relieves the tension on nerves and ligaments as month follows month. Finally, it makes child-birth a joy instead of a painful dread.

Use "Mother's Friend" as our mothers and grandmothers did. Don't wait, start today, and meanwhile write to Bradfield Regulator Co., BA-72, Atlanta, Ga., for a free wonderful book containing information every expectant mother should have. Get a bottle of "Mother's Friend" today. It is sold by all good druggists.

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh.

THIS LITTLE BABY GIRL

Was Benefited by the Good Her Mother Got from Lydia E. Pinkham's Vegetable Compound

Pittsburgh, Pa.—"I took Lydia E. Pinkham's Vegetable Compound before my little girl was born, and the effect it had was wonderful. This will be the first child I have nursed, as I had to bring my two boys up on the bottle. I was very nervous and worried, tired all the time, and after I read about the Vegetable Compound I tried it and kept on with it. I still continue its use and recommend it to my friends. You may publish these facts as a testimonial for your medicine."—Mrs. WM. KLINGE, 169 Plymouth St., Pittsburgh, Pa.

It is remarkable how many cases have been reported similar to this one. Many mothers are left in a weakened and run-down condition after the birth of the child, and for such mothers the care of the baby is well-nigh impossible. Not only is it hard for the mother, but the child itself will indirectly suffer.

Lydia E. Pinkham's Vegetable Compound is an excellent tonic for the mother at this time. It is prepared from medicinal roots and herbs, and does not contain any harmful drugs. It can be taken in safety by the nursing mother.

Your Health is the Most Valuable Asset You Have

If You Need a Tonic, Read This

Bosworth, Mo.—"My father was once stricken with liver and kidney trouble and he not only suffered pain and distress but became very nervous and all run-down, also very weak. He took Dr. Pierce's Golden Medical Discovery and was completely restored to health and was always hale and hearty ever afterwards. My grandmother also took Dr. Pierce's medicines when she was in a nervous run-down condition and it was just a short space of time until she was enjoying splendid health. I know Dr. Pierce's medicines are very good and I highly indorse them."—Mrs. Minnie Davis.

Dr. Pierce's Medical Discovery in liquid form has been sold by druggists for more than 50 years. It is now put up in tablets also. Try it!

"COLD IN THE HEAD"

is an acute attack of Nasal Catarrh. Those subject to frequent "colds" are generally in a "run down" condition.

HALL'S CATARRH MEDICINE is a Treatment consisting of an Ointment, to be used locally, and a Tonic, which acts Quickly through the Blood on the Mucous Surfaces, building up the System, and making you less liable to "colds."

Sold by druggists for over 40 Years.

LADIES! DARKEN YOUR GRAY HAIR

Use Grandma's Sage Tea and Sulphur Recipe and Nobody Will Know

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is mussy and out of date. Nowadays, by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

Well-known druggists say it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.

NATURE TELLS YOU

As Many a Maryville Reader Knows Too Well

When the kidneys are weak,
Nature tells you about it.
The urine is nature's index.
Infrequent or too frequent passage,
Other disorders suggest kidney ills.
Doan's Kidney Pills are for disordered kidneys.
People in this vicinity testify to their worth.

G. G. Napier, 2nd St., Stanerbry, Mo., says: "At one time a few years ago the action of my kidneys was irregular and the secretions were highly colored and contained brick-dust sediment. A friend advised me to try Doan's Kidney Pills and a few boxes soon went to the seat of the complaint, regulating my kidneys and removing all the trouble. I am very glad to say a few words of praise for such an old reliable kidney remedy.'

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Napier had. Foster-Millburn Co., Mfrs., Buffalo, N. Y.

In Memory of Mrs. Peters

The passing of Mrs. Mary Peters has taken one more from the fast decimating ranks of the old W. C. T. U. members of Nodaway County. Mrs. Peters was a charter member of the Rural W. C. T. U. near Burlington Junction, one of the strongest and most aggressive Unions of the entire state. When the Rural and Burlington Junction Union consolidated, she became a faithful member of the town Union until death closed up her earthly work of almost forty years.

Her daughter, Miss Alice Peters, has been County President several years, and was an efficient officer until her mother's prolonged illness prevented active service. She still holds the office.

Spoofhounds to Meet Tarkio Team Tomorrow

Is First Game Of the Season—"Men Are in Good Condition," Ebert Said Today

Maryville High School football team plays its first game of the season tomorrow at the Tarkio High School football gridiron. "We had a good scrimmage with the College men last evening and the men are all in good condition," was the only comment Harold G. Ebert, High School football coach would make this afternoon.

Mr. Ebert did not know exactly what line-up he would start against the Tarkio eleven and was a little uncertain as to the number of warriors he would take on the trip. This is due to the fact that if the team goes over by automobile, in case the roads permit, a smaller squad would be taken.

As this will be the first game of the season for the Spoofhounds the coach would not make any statements as to the chances the Maryville team has for a victory tomorrow. If the roads permit a large number of High School students will accompany the team.

Mr. Ebert will choose fifteen men out of the following list to accompany him to Tarkio.

Ogden, captain; Bush, Smith, Hall, Phipps, Murray, Willoughby, Aley, "Bunk" Miller, Chick, Godsey, Cockayne, Curfman, Epperson, Helpley, Herndon, Westfall, I. Miller and Dow.

Fire Causes Small Loss at Foster Home

A spark from the fire place caused a small fire at the home of H. A. Foster, 620 Normal avenue yesterday. A large upholstered chair was partially destroyed but the fire was put out before it was necessary to call the fire department. The loss was covered by insurance.

College Mass Meeting 7:30 at Court House

As a preliminary to the football game between Kirksville and the local College tomorrow a mass meeting of all the College students will be held at 7:30 o'clock tonight at the Courthouse Square.

Speeches, yells, music by bands and a quartette are scheduled for the program. The Kirksville team has arrived in Maryville and enthusiasm is running high among the College students concerning the game tomorrow.

Greene's Slayer Is Identified by Widow

Ross R. Richardson, On Trial For Murder Of Former State Senator, Is Positively Identified

Kansas City, Oct. 18—Ross R. Richardson, on trial here for the murder of W. Wallace Greene, former Missouri senator, was identified today by Greene's widow as her husband's slayer.

Mrs. Greene said that the identification was positive. She told of catching a glimpse of her husband's slayer through the door of a garage in which Greene was killed. Richardson, who had kept very calm throughout the trial, paled as he was pointed out by the widow. The death penalty has been asked by the prosecution.

Miss Mary Connor of Des Moines, Ia., came yesterday to visit a few days with her cousin Mrs. Anna O'Brien.
